Installation

A.- Extract the files from the .zip to a directory for this purpose

Unzip the downloaded file to any disk drive and it will automatically create a :\Elysia_Ligero directory.

B.- Run the application

By double-clicking on Elysia_ligero.mdb you will be able to run the application.

C.- Set language and other Elysia Ligero parameters

We can set the configuration parameters in the second tab of the main screen of the application (Configuration).
